

GEARWRENCH®

NEW 219 Pc. Mechanics Tool Set - 80940

ACCESS

Each drawer opens on independent slides, rather than resting on top of each other

STRENGTH

Steel Hinges on lid for longer life and smoother opening operation

DESIGN

Side Flaps lock drawers into place, preventing them from sliding open unintentionally

Strength

- Steel Hinge in back
- Strengthened Handle

Design

- Drawers are held in by flaps that swing in from both sides

Same Family look as other GearWrench Boxes

Access

- Drawers slide independent of each other, Current versions rest on each other
